WE WANT FREEDOM ESSAY SCHOLARSHIP

We are creating an inspiring and joyful atmosphere that links art literacy & social justice for Bronx high school students that builds their capacity to better navigate the world and their place in it. We are looking for dedicated radical educators, college students and mentors for this endeavor.

FLY Academy students will be reading *We Want Freedom*, a book by political prisoner Mumia Abu-Jamal. They will then write an essay reflecting on the text with the guidance of radical educators and mentors over a four-month period. Students are competing for three (3) scholarships totaling \$1000.
